Parallel session 2  1.00 p.m. – 2.00 p.m.

2.1 Symposium  Promising practices: Effective treatment and services
2749  Phyllis Annesley & Andy Benn
Developments in providing arson treatment for women and men within a high secure hospital setting

2.2 Symposium  Promising practices: Effective treatment and services
2788  Kris Goethals, Michèle Janssens, Julien Lagneaux, NilsVerbeeck, Ellen Gunst, Thierry Pham, & Claire Ducro
Service developments and treatment evaluation in Belgian sex offenders: Coordination by the three reference centres and specialised treatment

2.3 Symposium  Risk assessment and management
2854  Kevin Douglas, Stephen Hart, Christopher Webster, Henrik Belfrage, Michael Doyle, Vivienne de Vogel, Michiel de Vries Robbé, Barbara Holzinger, Manfred Bolzmacher, Sabine Eucker, Sebastian Koetter, & Rüdiger Müller-Isberner
Version 3 of the HCR-20 (HCR:V3): Development, overview and initial evaluation (Part I)

2.4 Symposium  Risk assessment and management
2900  Harry Kennedy, Mary Davoren, Conor O’Neill, Helen O’Neill, Liz Owens, & Louise Brennan
Risk assessment on committal to prison

2.5 Symposium  Special populations
2920  Petra Geerligs, Ankie van der Reijken, Jaap Keus, & Ina van Berckelaer-Onnes
Autism and delinquency

2.6 Symposium  Sex offending
2646  Bruce Monkhouse
Sexual offender treatment – from relapse prevention to self management

2.7 Symposium  Juvenile offenders: Specialized treatment programs
2764  Lieke van Domburgh, Corine de Ruiter, Isabela Granic, Leena Augimeri, Jaap-Harmen Smit, & Relinde Lentink
Building SNAP®, an evidence-based program: Trials, triumphs and lessons learned from taking it to scale (Part I)

2.8 Symposium  Forensic mental health assessment
2902  Gilles Côté, Anne Crocker, Marc Daigle, Jean Toupin, Gabriella Gobbi, Gustavo Turecki, Christopher Wright, & Marylène Brouillard
Mental health problems in correctional settings

<td>An exploration of the clinical practice of risk assessment of sexual violence in a specialist sex offender liaison service</td>
</tr>
</tbody>
</table>
Parallel session 3  2.00 p.m. – 3.00 p.m.

3.1 Symposium  Promising practices: Effective treatment and services
2651  Hanora Byrne & Shobha Rani
Empowering forensic mental health service users through ‘Smoking cessation’ group intervention: An Irish scenario

3.2 Symposium  Promising practices: Effective treatment and services
2895  Virginia Aldige Hiday, Heathcote Wales, Bradley Ray, Nahama Broner, Michelle Lang, Sarah Desmarais, Richard Van Dorn, Robin Telford, John Petrila, Tim Coffee, & Anne Crocker
Impact of programs for persons with severe mental illness in the criminal justice system

3.3 Symposium  Risk assessment and management
2854  Kevin Douglas, Stephen Hart, Christopher Webster, Henrik Belfrage, Michael Doyle, Vivienne de Vogel, Michiel de Vries Robbé, Barbara Holzinger, Manfred Bolzmacher, Sabine Eucker, Sebastian Koetter, & Rüdiger Müller-Isberner
Version 3 of the HCR-20 (HCR:V3): Development, overview and initial evaluation (Part II)

3.4 Symposium  Risk assessment and management
2716  Enrique Echeburúa, Ismael Loízán, Meritxell Pérez, Marian Martínez, Paz de Corral, Karin Arbach, Thuy Nguyen, & Antonio Andrés-Puesyo
Intimate partner violence risk assessment and management in community and in prison samples in Spain: Current evidence and future challenges

3.5 Symposium  Special populations
2786  Robert Leark, Thierry Pham, Julie DeGanck, & Jochem Willemsen
Psychopathy across populations: Prisoners, forensic patients and community samples

3.6 Symposium  Sex offending
2858  Beate Eusterschulte, Martin Neumann, Susanne Heuser, & Simone Jakob
Sex offenders with intellectual disability - treatment approaches

3.7 Symposium  Juvenile offenders: Specialized treatment programs
2764  Lieke van Domburgh, Corine de Ruiter, Isabela Granic, Leena Augimeri, Jaap-Harmen Smit, & Relinde Lentink
Building SNAP®, an evidence-based program: Trials, triumphs and lessons learned from taking it to scale (Part II)

3.8 Symposium  Forensic mental health assessment
2860  Frans Koenraadt
Forensic mental health assessment and treatment of arsonists
3.9  **Symposium**  Legal practice, issues and policy
2841  Philip Klassen, Andreana Adamson, Adegboyega Ogunwale, A.O. Adelusfosi, & A.O. Ogunlesi
Shaping the conversation: The media, public opinion, and forensic mental health services

3.10  **Symposium**  Moving research into policy and practice
2746  Eva Mulder, Kore Lampe, Inge Simons, & Sanne Hillege
Collaboration of science, practice and education within the Academic Workplace Forensic Care Youth: The first results of research & implementation projects

3.11  **Papers**  Promising practices: Effective treatment and services
2672  Erwin Schuringa
Treatment evaluation using ROM and N=1 statistics in a Dutch forensic hospital using the IFTE (Instrument for Frequent Treatment Evaluations)

2881  Julia Sauter & Klaus-Peter Dahle
Evaluation of the forensic-therapeutic-outpatient clinic in Berlin

2928  Gordon Ritchie, Karen Boa, Patricia Kettles, & Helen Walker
Improving integration through the implementation of a new nursing care process across Northern Scotland Forensic Services: Evaluation of impact

3.12  **Papers**  Risk assessment and management
2874  Manuela Schols & Corine de Ruiter
The Mini-CARE method: Psychometric properties of the Mini-CARE self-report list for parents and observational tool for public health nurses

2735  Kathryn Seifert
CARE2: Child and Adolescent Risk/Needs Evaluation and CARE3 treatment planner

2763  Alice Morgado & Maria Da Luz Vale Dias
The antisocial phenomenon in adolescence: Preliminary data from an investigation in developmental psychology

2682  Diamantino Santos & Isabel Alberto
The Family Risk Assessment Structured Interview (adolescents)
Thursday 20 June 2013

Parallel session 4  10.30 a.m. – 11.30 a.m.

4.1 Symposium  Promising practices: Effective treatment and services
2720  Marike Lancel, Gerjonne Akkerman, Julie Karsten, & Karel 't Lam
The assessment of the effectiveness of forensic psychiatric treatment and its significance in clinical practice

4.2 Symposium  Risk assessment and management
2783  Quazi Haque, Michele Gilluley, John Tully, David Hearn, Thomas Fahy, Sandy Simpson, & Johann Brink
Technological innovations in risk management - A fine balance

4.3 Symposium  Special populations
2687  Evelyn Klein Haneveld, Wineke Smid, Edwin Wever, Inge Breukel, Vivienne de Vogel, Jeantine Stam, & Michiel de Vries Robbé
Assessment and treatment of psychopathy in Dutch forensic clinical practice

4.4 Papers  Promising practices: Effective treatment and services
2842  David Jones, Louise Braham, & Chris Wood
The Violent Offender Treatment Programme (VOTP): Translating risk factors into safety behaviours
2852  Achim Wolf & Seena Fazel
Primary and secondary violence prevention strategies: A systematic review
2917  Almar Zwets
The effects of psychomotor therapy in violent forensic psychiatric inpatients
2808  Sergio Santana
Applying family therapy to people found not criminally responsible due to mental disorder: Rebuilding networks to minimize risk of violence

4.5 Papers  Risk assessment and management
2772  Randall Kropp, Alana Cook, Stephen Hart, Kelly Watt, & David Lyon
Associations amongst risk for stalking, perpetrator mental health, and motivations in a forensic outpatient sample
2660  Kjersti Narud, Alv Dahl, & Christine Friestad
A controlled cross-sectional questionnaire study of stalking: Prevalence rates and associated factors
2897  Catherine Wilson, Stephen Hart, & Debra Nonemaker
Cross validation and comparison of the Domestic Violence Screening Instrument (DVS) and Spousal Abuse Risk Assessment (SARA)
2933  Simon Vincenzi, James Ogloff, & Mairead Dolan
Dysfunctional personality and conservative masculine beliefs predict intimate partner violence
4.6 Papers Special populations
2867 Mary Davoren, Mary Fitzpatrick, Fintan Caddow, Martin Caddow, Conor O'Neill, Helen O'Neill, & Harry Kennedy
Older prisoners in two Irish remand prison settings
2699 Stefaan de Smet, Dominique Verté, Eric Broekaert, & Stijn Vandevelde
The quality of life of older mentally ill offenders: Results of a mixed methods study
2693 Karin Arbach, Santiago Redondo, Jay Singh, & Antonio Andrés
Risk factors for violent crimes in natives versus foreign nationals
2802 Iain McKinnon, Samir Srivastava, Gurpreet Kaler, & Don Grubin
Health screening in police custody - Results of a pilot of revised health screening procedures in London, UK

4.7 Papers Forensic mental health assessment
2924 Keith Cruise & Katz Kruz
Trauma exposures and aggression in adolescents with problem sexual behavior: Guiding treatment through program evaluation
2846 Anita Lill Hansen, Leif Waage, & Dagfinn Winje
Childhood trauma and post-traumatic stress symptoms among inmates
2932 Anne MacPherson, Maria Reitmeier, & Gary Chaimowitz
Trauma based history taking in forensic psychiatry-importance and evolution
2743 Patrice Renaud
Virtual reality applications in forensic psychiatry at the Institut Philippe-Pinel de Montréal

4.8 Papers Legal practice, issues and policy
2670 Freya Vander Laenen & Ciska Wittouck
The effect of drug treatment courts on drug use and drug related life domains
2830 Kris Gledhill
Risk Assessment in legal settings: Human rights and ethics
2818 Othman El-Zentani
Obscure death and epilepsy
2681 Jinian Hu
Several problems with involuntary admission: The Mental Health Act of the People’s Republic of China (Draft)

4.9 Papers Moving research into policy and practice
2891 Philip Howard
Advances in risk prediction in the National Offender Management Service
2730 Paul ter Horst
Risk related treatment evaluation
2800 Ellen Gunst
Facilitating emotional change in sex offenders

Parallel session 5  1.15 p.m. – 2.15 p.m.

5.1 Symposium  Promising practices: Effective treatment and services
2864 Laura Powling
Dialectical behaviour therapy with patients with severe personality disorder

5.2 Symposium  Promising practices: Effective treatment and services
2669 Sanne Verwaaijen, Maaike Cima, Franca Tonnaer, Marije Keulen-de Vos, & Farid Chakhssi
Risk factors for addictive and criminal behaviour

5.3 Symposium  Risk assessment and management
2736 Josanne Van Dongen, Alana Cook, Simone Viljoen, & Stephen Hart
New conceptualizations in psychopathy: The Comprehensive Assessment of Psychopathic Personality and the Triarchic Psychopathy Model

5.4 Symposium  Special populations
2871 Iva Embley, Peter Braun, Erik Bulten, Sandrine Mikkers, Sandra Schell, Ton Verbeet, Marline Bouwman, Hilde Wijma, Birgit Völlm, & Vivek Furtado
Long-term forensic psychiatric care (LFPC): Quo vadis?

5.5 Symposium  Juvenile offenders: Specialized treatment programs
2740 Ed Hilterman, Gina Vincent, Laura Guy, Tonia Nicholls, Jeroen Vermunt, Chijs van Nieuwenhuizen, Bernice Gershenson, Rachael Perrault, Rebecca Nelson, Scarlet Woods, & Geno Salomone
Effects and consequences of the implementation of SAVRY: Results of two different field studies

5.6 Symposium  Forensic mental health assessment
2901 Harry Kennedy, Mark Freestone, Debbie Bull, & Mary Davoren
The need for therapeutic security, recovery and other therapeutic pathways

5.7 Symposium  Resilience and protective factors
2782 Michiel de Vries Robbé, Ellen van den Broek, Els Bischoff, Fons Diepenmaat, & Forensic psychiatric patients
Patients and professionals sharing experiences. A symposium on the value of protective factors throughout forensic clinical treatment

5.8 Symposium  Collaborative relationships between systems
2849 Lindsay Thomson, Rajan Darjee, Vivian Gration, Gordon Skilling, & Danny Sullivan
The problem behaviour approach: Models, implementation in practice and evidence - a more effective way of dealing with offenders
5.9  **Papers**  
**Promising practices: Effective treatment and services**  
2742  Lynne Collins & Jeremy Resnick  
Creating a Personality Disorder Treatment Pathway across diverse patient populations  
2803  David Jones  
Violence: An inevitable consequence of mental health service provision or a preventable phenomenon?  
2892  Alexander Simpson  
Development of a forensic key performance indicator framework for four large forensic programs in Ontario

5.10  **Papers**  
**Risk assessment and management**  
2727  Shannon Stewart, Alan Leschied, Krista Mathias, Melissa Currie, & Maggie Hall  
interRAI mental health assessments for juvenile offenders: Transforming needs assessment and treatment planning through an integrated, lifespan approach  
2911  Gerald Zeng, Chi Meng Chu, Yirong Lee, Yaming Ang, Shannon Chin, Yeh Chen Yeh, Jennifer Teoh, Grace Yim, & Kala Ruby  
Investigating the Youth Level of Service/Case Management Inventory, Screening Version in a Non-Western Context (Singapore)  
2701  John Olav Roaldset & Stål Bjørkly  
Is total cholesterol a marker of future risk in patients with past violence?

5.11  **Papers**  
**Special populations**  
2705  Lieke Nentjes, Arnoud Arntz, David Bernstein, & Mariët Slaats  
Psychopathy and Theory of Mind: Are psychopathic people better at reading your mind?  
2692  Asle Sandvik, Anita Hansen, Bjørn Helge Johnsen, & Jon Christian Laberg  
An emotional paradox – Psychopathy and the “language of the eyes”  
2718  Andree-Anne Genest, Cynthia Mathieu, & Raymond Brochu  
The dark triad: Its role in intimate partner violence  
2677  Kerrilee Hollows & Katarina Fritzson  
"Ordinary men" or "evil monsters"? An action systems model of genocidal actions and characteristics of perpetrators

5.12  **Symposium**  
**Genetics and neurobiology**  
2904  Alexandre Dumais, Jean Toupin, Stéphane Potvin, Anne Crocker, Gabriella Gobbi, Marc Daigle, & Gilles Côté  
Impulsivity, biological indicators and social adaptation

6.9 Papers Promising practices: Effective treatment and services
2822 Hans Kröber
Transparency and fairness as essentials of sexual offender therapy in prison and forensic special hospitals
2899 Mary-Lou Martin
Therapeutic talk about sexuality with forensic patients
2925 Renée de Vet, Linda van den Dries, Sara Al Shamma, & Judith Wolf
Critical Time Intervention as an innovative model to prevent recidivism among men released from prison: Results of a pilot study

6.10 Papers Risk assessment and management
2698 Tanja Lucker & Antoine van Sint Fiet
Experiences with the implementation of a risk management model in a forensic psychiatric hospital
2792 Naresh Rasquinha, Joanne Crawford, Natalie Hammond, & Michael Holland
Violence reduction in a psychiatric unit
2759 Verity Chester
An evaluation of measures of relational security used within secure services
2831 Alison Freeland, Susan Farrel, Marybeth Colton, Ruth Mattok, Kim VanHerk, Gary Chaimowitz, & Mini Mamak
Measuring and managing risk of aggression in homeless mentally ill clients: Innovative applications of forensic measurement Tools

6.11 Papers Juvenile offenders: Specialized treatment programs
2804 Thijs de Jongh & Ellen Eltink
Living group climate, treatment motivation and aggression
2762 Hui-Ying Chu
Using sandplay therapy for treating juvenile delinquents. A case study of a boy who set fires
2789 Prajakta Patil, Gillian Mezey, & Sarah White
Characteristics of adolescents placed under Section 136 Mental Health Act 1983 (MHA): A comparison with adults
2683 Diamantino Santos & Isabel Alberto
Integrated program of family risk reduction

6.12 Papers Sex offending
2813 Robert Leark, Kori Ryan, Heather McMahon, & Shilpi Sheth
Meta-analytic review of neuropsychological impairments in sex offenders: Questions and more questions
2862 Wineke Smid
How structured risk assessment can be deployed to improve sex offender policies in The Netherlands
2838 Inge Hempel, Nicole Buck, & Hjalmar van Marle
Sex offenders’ cognitions about sex with children: Integrating research into practice
Friday 21 June 2013

Parallel session 7  9.30 a.m. – 10.30 a.m.

7.1  Symposium  Promising practices: Effective treatment and services  2773
Hasanen Al-Taiar
The shared pathway, a new way of working together

7.2  Symposium  Risk assessment and management  2832
Jennifer Storey, Stephen Hart, Randall Kropp, Ismael Loinaz, Debra Nonemaker, & Kelly Watt
Intimate partner violence risk assessment: An evaluation of multiple methods

7.3  Symposium  Special populations  2893
Anne Crocker, Laurence Roy, Tonia Nicholls, Eric Latimer, Faith Eiboff, Jim Frankish, Julian Somers, Michael Kraus, Akm Moniruzzaman, & Leila Salem
Housing, victimization and criminal behaviour among individuals with mental illness

7.4  Symposium  Education and training  2726
Peer van der Helm, Geert-Jan Stams, Inge Breukel, Petra Schaftenaar, Iris Boekee, & Laura Krieckaert
Treatment climate and work climate in forensic care, theory, empirical results and practice

7.5  Symposium  Legal practice, issues and policy  2794
Naresh Rasquinha & Prajakta Patil
The new diminished responsibility in England and Wales

7.6  Papers  Promising practices: Effective treatment and services  2856
John Petrila
Community reintegration of incarcerated offenders with mental illnesses

2703  Oscar Bloem
Mental health problems in prisoners: Are symptoms at admission imported or caused by deprivation?

2908  Sharon Casey & Andrew Day
Compulsory treatment for drug using offenders

2714  Stefan Hollenberg & Norbert Schalast
Drug preferences, psychometric abnormalities and outcomes of substance addicted criminal offenders in treatment
7.7 Papers  Risk assessment and management
2931  Bob Green
   The characteristics of mentally ill arsonists and their fires
2685  Lauren Ducat, Troy McEwan, & James Ogloff
   Is there a ‘typical’ firesetter? Comparing the characteristics of firesetting and non-firesetting offenders
2657  Carlene King, Jenny Shaw, Jane Senior, & Roger Webb
   The clinical characteristics and mental health service contact of offenders in the 12 months prior to suicide

7.8 Papers  Special populations
2890  Maaike Tjepkema & Eva Bloemers
   Working with a biopsychosocial model for psychotic patients in a forensic long care hospital
2654  Jesse Meijers, Frédérique Scherder, & Erik Scherder
   Rest-activity rhythm and aggression in prisoners with psychotic illnesses
2851  Achim Wolf, Seena Fazel, & John Geddes
   Suicide in prisoners with bipolar disorder and other psychiatric disorders: A systematic review
2853  Achim Wolf, Seena Fazel, Niklas Långström, & Paul Lichtenstein
   Distal risk factors for violent crime in individuals with schizophrenia: A Swedish population study

7.9 Papers  Legal practice, issues and policy
2821  Melodie Foellmi & Barry Rosenfeld
   Dangerousness in civil commitment: International differences in legal statutes and practices
2709  Andrew Caple & Alison Smith
   Civil commitment review hearings and the failure to publish reasons for decisions
2690  Andrew Caple & Betheli O’Carroll
   Human rights concerns with civil commitment review hearings
2844  JiNian Hu
   Forensic assessment of capacity for civil conduct for past civil conduct: Methodolgy

7.10 Papers  Moving research into policy and practice
2921  Teresa Flower
   The role of expert evidence in relation to child witnesses in sexual abuse trials
2797  Lesley Barr
   Seclusion, restraint and psychotropic PRN (Pro Re Nata) medication - reducing restrictive practice within acute and forensic mental health settings?
2766  Christina Pratt
   Predictors of outcomes in Mental Health Courts: The role of perceived coercion and subjective mental health recovery
7.11 Papers  Interdisciplinary work
2711 Linda Vogtländer
Structured collaboration within the interagency professional network (SCIPN) in cases of family violence: The results of a pilot study
2707 Shannon Stewart, Philip Baiden, & Kim Arbeau
Violent and non-violent crime among patients with first hospitalization for psychosis: Prevalence and correlates
2675 Samir Srivastava & Rajesh Nadkarni
Survey to evaluate awareness of general and forensic psychiatrists about police custody diversion and court liaison services in the UK

7.12 Papers  Genetics and neurobiology
2653 Liza Cornet, Kathy de Kogel, Henk Nijman, & Peter van der Laan
Neurobiological factors and offenders’ treatment response to a cognitive skills training
2819 Sophie Couture
Childhood maltreatment and risky behaviour in first-time driving while impaired offenders: The influence of hypothalamic-pituitary-adrenal axis
2795 Amanda Dutton, Robert Leark, Shilpi Sheth, & Chrystal Adibe
Meta-analysis of neuropsychological functioning within individuals meeting criteria for psychopathy
2878 Youri Berends, Hjalmar van Marle, & J.H.M. Tulen
The effects of oxytocin on trust and aggression
Parallel session 8  1.00 p.m. – 2.00 p.m.

8.1 Symposium  Promising practices: Effective treatment and services
2907  Harry Kennedy, David Timmons, Rüdiger Müller-Isberner, Andreana Adamson, Eleanor Masterson, Donal Blake, & Christopher Shaw
New hospitals and therapeutically safe environments: From model of care to completion

8.2 Symposium  Promising practices: Effective treatment and services
2715  Kris Goethals, Paul Cosyns, & Tineke Dilliën
Measuring treatment results in forensic behavioural science; not an easy task?

8.3 Symposium  Risk assessment and management
2745  Ståł Bjørkly, Johnny Wærp, Alexander Flaata, Gunnar Eidhammer, & Lars Erik Selmer
Clinical experiences with the HCR-20 and the HCR-V3 in the SAFE pilot project.

8.4 Symposium  Collaborative relationships between systems
2663  James Cawood
Organizational threat assessment teams: Challenges and developments after 20 years of practical application in North America

8.5 Papers  Risk assessment and management
2661  John Edens, Jennifer Cox, Scott Lilienfeld, & Norman Poythress
Using Psychopathic Personality Inventory-defined subtypes to identify high risk prison inmates
2751  Petra Habets, Inge Jeandarme, Claudia Pouls, & T.I. Oei
PCL-R field validity: Prison versus hospital settings
2659  Robyn Ho, Henry Cheung, Tony Lai, Venus Tam, Chor Kwan Yan, Anita Chan, & Peter Yuen
Evaluation of a model of violence risk assessment (HCR-20) among adult patients discharged from a psychiatric hospital in Hong Kong

8.6 Papers  Special populations
2868  Julie Lefebvre & Marie-Ève Laplante
Familial homicide: How can we understand filicide, spousal homicide and familicide?
2721  Kate Hodgson, Katherine Shelton, & Marianne van den Bree
The role of psychopathology in predicting outcomes for young homeless people
2731  Laurence Roy, Anne Crocker, Tonia Nicholls, & Andrea Reyes Ayallon
Homelessness, mental illness and justice issues: What is the evidence?
2869  Kelly Cornett
Cognitive processing in children with Autism: Implications for mental health professionals and the law
8.7 Papers  Forensic mental health assessment
2922 Katelyn Affleck & Keith Cruise
Developing effective risk and strength formulations with the Short-Term Assessment of Risk and Treatability: Adolescent Version (START:AV)

2728 Fleur Kraanen, Ellen Vedel, Agnes Scholing, & Paul Emmelkamp
Jellinek Inventory for assessing Partner Violence (J-IPV): A screener to detect intimate partner violence perpetration in substance abusers

2915 Ruud Hornsveld
New, reliable, and valid self-report questionnaires for forensic psychiatric patients

8.8 Papers  Legal practice, issues and policy
2691 Betheli O’Carroll
Stories from the field: Fitness to plead to summary offences in Queensland

2754 Betheli O’Carroll
Human rights concerns surrounding fitness to plead to summary offences in Australia

2820 Franco Scarpa, Teresa Di Fiandra, & Ilaria Lega
A new perspective for the treatment of mentally ill offenders in forensic hospitals in Italy

2790 Prajakta Patil & Naresh Rasquinha
The new diminished responsibility in England and Wales

8.9 Papers  Moving research in to policy and practice
2913 Caroline Logan & Josanne Holloway
Payment by results: What does this mean for forensic mental health services?

2648 Swanny Kremer
Moral deliberation in forensic psychiatry

2812 Carlo Thomas & Fionnbar Lenihan
Ten year retrospective study of incidents of absconding and patient characteristics who have absconded from Scotland’s first medium secure unit

8.10 Papers  Gender issues
2865 Alexis Kennedy & Mark Valentin
Gang involvement among delinquent girls: Risk factors and abuse history

2884 Krista Mathias
Examination of gender differences in criminogenic risk and clinical outcomes among Ontario forensic patients

2850 Eszter Konyves-Kolonics
Sexual exploitation of women in Central/Eastern Europe: An introspection into human trafficking of the European ex-communist countries
Kori Ryan, Robert Leark, & Heather McMahon
Low self control criminal theory revisited: Gender differences in low self control & criminal behavior

8.11 Papers
Resilience and protective factors
2710 Bernd Dimmek & Anja Mercedes Westendarp
Realities of life and relapse risks of addicted offenders after their release from the forensic psychiatric hospital
2809 Jennifer Lavoi & Kevin Douglas
The role of stress, coping, and social support in shielding against victimization among persons with mental illness: A gender analysis
2845 Marleen Nagtegaal & Hanneke Schönberger
The importance of protective factors in the risk assessment of forensic psychiatric patients
2817 Tiziana Costi
Protective factors in dangerous offenders: Their role in assessment and management

8.12 Papers
Interdisciplinary work
2760 Hui-Ying Chu
The exploration of challenges encountered by interdisciplinary teams of child sexual abuse witness investigation in Taiwan and their needs assessment
2645 Mei-hua Chien
Prevention and mandatory reporting of child sexual abuse: Perspectives of the preschool teachers
2834 Moustafa Saoud
Staff's perception of factors influencing the effectiveness of reflective practice in a young offenders institution: A qualitative study
